REPORT OF CEMETERY TRUSTEES

We are pleased to report that the cemetery has been well cared for this year by Mr. Fred C. Brown, Superintendent. Several new lots have been graded and the trust lots kept in good order.

We feel very keenly the loss to our board of Mr. Cochran and Mr. Mansfield, both men of rare good judgment, and always ready to give of their time, for the benefit of the cemetery.

This year the cemetery has received the gift of a very handsome gate. The posts are of granite and the gate is of iron, with a small gate on either side of the main entrance for pedestrians.

It was given by Mr. William H. Dodge, D. V. S., and Mrs. Etta (Dodge) Mudgett, in memory of their parents, Mr. and Mrs. William Dodge. Mr. Dodge was a native of New Boston, and at one time was proprietor of The Tavern.. This, gate together with grading the road, and the grounds around the monuments to the "Unknown Dead" have made a wonderful improvement to the cemetery, but like all improvements, it shows up others that should be made, in this instance the building of a stone wall to replace the wooden fence from the hearse-house to the new gate. We hope the town will decide to have one built this year, as the old fence is beyond repair. All the rest of the cemetery is enclosed by stone wall, excepting a short space by an iron fence.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of New Boston:

For several years we have had a teaching staff of five teachers. These are changed now and then but it is unusual to have three changes in the same season. But that has happened here. Miss Geer concluded her teaching here in high school and is now teaching in Pembroke Academy. Miss Kuehn resigned to marry, Miss Kendrick accepted a position in Bow. For the high school position Ernest Fiske, of Keene, New Hampshire was elected. Mr. Fiske was a graduate from the Keene Teachers' College last June and attended the Summer session at the State University. In addition to his regular work his unusual ability in music is a great asset, much appreciated here. Dorothy Britton has taken charge of the intermediate grades. Miss Britton is a Teacher College graduate and has had previous teaching experience. The Primary room is under the direction of Natalie Hopkins, a graduate of "Plymouth," also having had teaching experience.

The new course in Home Economics which has been talked about for years has taken actual form. Charlotte Redden, a graduate of Keene, with two years of teaching experience at Ashland, New Hampshire has skillfully directed this work from the beginning with a fine new, but at the outset almost bare, room. Gradually, equipment has been provided until at present it affords most comfortable attractive adequate work-room. It is also used by another class in the afternoon. The arrangement with Goffstown by which Miss Redden teaches in both schools is working out most happily. Since New Boston has two-thirds of her teaching time and Goffstown the other third, the salary is pro-rated on that basis. Such a two-school proposition may give rise to certain complications. Very few dare try it. But the travel between schools is so short that it is possible to do both.

This plan keeps a teacher in her field of major preparation, rather than requiring her to teach subjects for which she may not be so well qualified. The plan is working well for both schools involved, and in each case, it is the first year for Home Economics.

The "Evening Session" for schools was a pronounced success and the interest was evidenced by the large numbers of parents, and citizens who came to see the various groups "in action." The "exhibit" of some of the work of the Home Economics girls in the sewing and clothing classes as well as some articles from the "Shop" attracted and deserved much attention and called for numerous expressions of surprise and gratification as well. While it was possible to show only a small part of the school program in the short time, yet it did provide an opportunity to see something of the actual conditions under which the pupils work and some of the methods which have proven their value. There is a fine "atmosphere" about the school the pupils for the most part, seem to enjoy the work, a friendly, good-natured attitude. There is more of the attempt to get at things which relate life - - to get all "value." There is truth in this. "Learning should be discipline of the mind, but it should also be a delight to the soul."

The following pupils had perfect attendance records for last year.

High School

Evelyn Paige

Junior High School

Melissa Bailey
Roberta Friedrich
Priscilla Saltmarsh

Intermediate

Frances Bgam
James Dane
Alice Friedrich
Ruth Purington
Josephine Friedrich
Wilhelmina Friedrich
Timothy Woods

Primary Room

Dorothy Andrews
Henry Friedrich
Robert Hunter
Mary Osborne
George Strong

The attendance for last year was 92%. That is low. It should be 95% or above.

New Boston citizens have doubtless felt sometimes that the schools cost a great deal of money. The cost cannot be avoided. Nor can it be reduced without crippling the work a school is intended to accomplish. But the fine spirit of the people, we feel, is justified by the way in which their money has been spent, in the changes brought about in the building, the new work that has been added, the variety of work that is offered. — New accommodations not by building new buildings, but by making more of the space in the present building.

To the citizens of the town and to the members of the school board, and to the teachers once again the repeated appreciation for their co-operation.

Respectfully submitted,

J. BYRON TARNEY,
Superintendent of Schools.

REPORT OF THE SCHOOL NURSE

Every child should make an annual gain; therefore, each pupil is weighed and measured so that we may ascertain their rate of growth according to the scale prepared by the State Board of Health.

About 125 pupils were examined the first of the school year by Doctor Fraser, the school physician, and the parents notified of any weakness, deformity or defects found.

The heart, lungs, tonsils, teeth, ears and skin are part of the human machinery that goes through this annual inspection. I doubt if many of the parents realize the numerous agencies that play an important part in our school health program. Among the activities that come under this head and which have been most helpful in our towns this year is the cardiac and orthopedic clinics held at the Balch Hospital.

The District Nursing Association has an orthopedic, goiter, and a mental hygiene clinic which handles mental and nervous diseases and endeavors to help the problem child. There is also a trained worker here for those children with speech defects.

The tuberculosis clinics are held every Saturday with Doctor Kerr in charge. We have taken advantage of the eye clinic at Hanover this winter and one child has had cataracts removed at the County Hospital. These are Goffstown children.

This institution is always ready to care for tonsils cases or any case needing hospital care.

Free lessons in lip reading are being given by Mrs. Chas. Hammond of Manchester to those children who are hard of hearing. These lessons are made possible through the generosity of the Rotary Club and the Hard of Hearing Club.

Free fruit has been available through the Surplus Commodities Division for each and every child this fall and winter.

The following report is the number of pupils affected and defects corrected during the school year 1938-1939.

Defective teeth	95	Defects corrected	62
Defective vision	25	Defects corrected	22
Adenoids	1		
Diseased tonsils	9	Defects corrected	7
Defective speech	2		
Impetigo	1		
Appendectomy	2		
Pneumonia	1		
Chicken pox	8		
Growth on face	1		

One child has been attending the speech defect clinic in Manchester. A baby clinic and toxoid clinic was held October 6, 1936. I accompanied six school children to the toxoid clinic for treatment. Have made 30 home visits during the school year 1938-1939.
